Why Exhibit with AAPC?

AAPC conferences offer an opportunity for exhibitors to target the cream of the crop within AAPC's membership, which includes more than 100,000 members from every state in the U.S. As an exhibitor, you will have the opportunity to meet decision makers who have purchasing power for their companies. You will have their undivided attention as you demonstrate products and services. This will allow you to establish contacts, network, and build relationships that would be difficult to achieve through traditional marketing channels.

Several dedicated exhibiting sessions—spread over each of the days—are offered at each AAPC conference. **These dedicated sessions are tied to attendees' scheduled meals provided exclusively in the exhibit hall, which greatly increases the traffic exhibitors may experience at their booths.**

Exhibit booths are available for companies interested in exhibiting at the 2012 AAPC National Conference. A wide variety of new and existing sponsorship opportunities are also available to help you increase your visibility and gain exposure to AAPC conference attendees.
